CENTRE FOR AUTISM INDIA

Training Centre
SPARSHAM

School For The Differently Abled
Citizen Nagar, Kuttapuzha P.O., Thiruvalla 689111
Mob. 9447815607, 9495184095, 8281382893 [9447895607](https://www.whatsapp.com/channel/0029104000153263)

Centre for Autism India (CAI) is a non-governmental, non-profitable charitable organization registered under the government of India Act (Reg No: PTM/TC/181/2015). Centre for Autism India has been formed with the goal of training differently abled children. CAI has been working among children with developmental disabilities since 2004. The Centre for disease control (CDC) has estimated that approximately 2 in 10 school aged children are diagnosed with ASD (Autism Spectrum Disorder). India's population of more than one billion, the second largest in the world, is home to 10 million people with autism and other disabilities, showing rapid increase over the last few years. Hence this is an area that needs research, support and further action.

OUR VISION

Centre for Autism India is a viable instrument of social change with focus on children with developmental disabilities.

OUR MISSION

We aim to provide special education support for children with disabilities, health programs and other personalised support. Empowering the differently abled section of the society, their families and community, to incorporate them into mainstream of life is our goal. We aim to coordinate with local organizations and NGO's working in the field of developmental disabilities across the country.

How do we support?

OUR TRAINING CENTRE

- ▶ Our school, Sparsham school for the differently abled is the medium of rendering our education service. We provide education and personalised care designed to support the complexities related to their disability. A Safe Positive and structured environment is created, where they can progress to a better future and successful independent living.
- ▶ Our program incorporates scientific and evidence-based techniques modelled on an international curriculum. Innovation is the key when academic as well as lifeskills are imparted, supplemented by various therapies-Occupational Therapy, Speech therapy, Physical therapy.
- ▶ Our healthcare services nurture social, educational, and vocational skills alongside life skills.
- ▶ We conduct village-based survey in identifying children and adults with developmental disabilities.
- ▶ Participation of family: -Training at home is strongly recommended. The home environment is modified to provide visual structure. Implementation through tailored therapies by multidisciplinary teams render ample support for a wholesome future.
- ▶ We undertake theoretical and empirical research in various topics of interest to professionals in the field.

OUR CURRICULUM

Celebrating the joy of learning

- ▶ Treatment and Education of Autistic and Related Communication Handicapped Children (TEACCH)

- ▶ PORTAGE Programme
- ▶ We have incorporated an international curriculum, that supports child's, development- physical, social, emotional, and cognitive
- ▶ The curriculum is developmentally sequenced and functionally based.
- ▶ Key areas include functional communication, vocational and independent training, community-based instruction.
- ▶ Children undergo individual assessment, based on which goals are envisaged for each child.
- ▶ Step by step training is formulated in an effective manner.
- ▶ Highly Structured Learning Environments using daily individual Schedules

SERVICES

- ▶ Early intervention programs specially tailored for students between ages 4 to 8 years.
- ▶ Targeted and innovative programs for learning and skills development.
- ▶ Structured programs suitable for Autism, Slow Learning, Developmental Delay and Mild mental retardation.

HOW YOU CAN SUPPORT US?

We solicit your involvement in this noble venture through your advice and support. Together we can make an impact on a child's life. Thank you for helping a special child. Your sponsorship will change the life of a child.

SPONSOR A CHILD

One of the leading autism centres in India, we support children with autism, cognitive and other developmental disabilities and their families. With the

help of our members, supporters and volunteers, we provide information, support and pioneering services, and campaign for a better world for the differently abled.

We want a world where people living with autism lead quality life.

We strive to optimize each individual's capabilities and talents.

Ensure self esteem, rights and privileges.

Enhance their opportunities to live healthy, safe and secure lives

Our work wouldn't be possible without the generosity of our supporters. Whether you're able to make a monthly donation, leave a gift in your will or support in one of the other incredible ways listed below, your money will help to the the change in the life of a special child and their family.
