## FROM THE DIRECTOR'S DESK

Dear Well-wishers,

As we approach the conclusion of 2023-2024, we reflect on our actions and activities. This year was indeed exciting and challenging, a year of further development for our school both inside and outside the classroom.

The strong sincere dedication of our parents, staff and of course our well-wisher's contribution for empowering our children is to be mentioned with gratitude. We speak the language of humanism. Sparsham school speaks about humanity to our society - a deep heartfelt longing for the human virtue and action, to make the world a better place to exist, accepting and embracing the differences.

A special word of gratitude to YWCA Thiruvalla for hosting a day full of fun and a place to exhibit our children's talents. Every moment shared for our children bounce back with eminence blessings.

Our Annual day was presided by our Patron Rev. Bishop Thomas Samuel, our chief Guests Mrs. P. S. Sanila Chairperson and development committee and Mrs. K. N. Suvarnakumari president of Thrikodithanam Grama Panchayath were also part of our celebration. Our Advisory board member Mrs. Latha Kocheepan, Mrs. Jincy our Parent representative and our Manager Mr. Sam Mathew extended their concerns and plans for the new academic year.

We are looking forward for the new academic year. We Look forward for Continuous support from our well-wishers and the society. It has been a great year and I thank you, our community for your support throughout the functioning of our school.

A very safe and relaxing summer break to all. I look forward to seeing everybody in the new academic year which will begin in June 2024. I thank all of our board members, staff, our outstanding group of teachers, administrators and caretakers who work with open minds. They are a phenomenal team who just keep coming up with ways to improve our school, they care deeply about our children, and I wish them all a well-earned break.

Sincerely,

**Dr. Mini Kurian**
